

FOR YOUR VET

LIFE'S ABUNDANCE

PASSED AAFCO FEEDING TRIALS

FEEDING TRIALS SHOW OUR DRY FOODS MEET OR EXCEED AAFCO STANDARDS FOR COMPLETE & BALANCED NUTRITION.

Animal feeding tests using Association of American Feed Control Officials (AAFCO) procedures substantiate that Life's Abundance foods provide complete and balanced nutrition for their respective life stage(s).

VALIDATED BY RIGOROUS TESTING

TRIALS MEET OR EXCEED AAFCO FEEDING STANDARDS.

- All trials met or exceeded AAFCO guidelines for protocol, duration, and assessment metrics
- All trials were conducted in a respected third-party US testing facility, which regularly performs feeding trials for the pet food industry
- Each formula passed on its initial trial
- No harmful experiments or invasive procedures are conducted at the facility - the only discomfort dogs may have experienced was a quick blood draw or a dental cleaning
- We've demonstrated real-world nutritional efficacy through third-party standardized testing and delivered excellent results

PROVEN TRACK RECORD

LIFE'S ABUNDANCE - A TRUSTED SUPER PREMIUM PET FOOD PROVIDER SINCE 2000.

- Hundreds of millions of pounds of food safely fed
- Tens of thousands of 5-star reviews from real customers
- Never implicated in any industry incidents - including the 2007 melamine crisis, 2018 DCM investigation or any product recalls

OUR REQUEST IS SIMPLE

IF YOUR PATIENT IS DOING WELL ON LIFE'S ABUNDANCE FOOD, WE STRONGLY URGE YOU NOT TO SWITCH THEIR DIET.

Dietary consistency plays a vital role in maintaining digestive health and nutritional stability.

Thank you for taking the time to get to know Life's Abundance — and more importantly, for everything you do to support the pets in your care.

near perfect stool quality
— a clear sign of good
digestive health.

DIGESTIBILITY RESULTS YOU CAN COUNT ON

EXCEPTIONAL NUTRIENT ABSORPTION. STRONG DIGESTIVE PERFORMANCE.

OUR AAFCO FEEDING TRIALS DELIVERED PROTEIN RESULTS OF 91%,
EXCEEDING AAFCO GUIDELINES AND DIGESTIBILITY SCORES

BOTTOM LINE:

**OUR FOODS ARE NOT JUST
WELL-FORMULATED —
THEY'RE WELL-UTILIZED BY
THE DOGS THAT EAT THEM.**

PROPRIETARY NUTRITIONAL BALANCE OF PROTEIN, CARBOHYDRATES, AND FATS

Only the finest ingredients go into our foods, including:

- Proprietary vitamin & mineral blends, including calcium, phosphorus, and taurine
- Guaranteed pet-specific probiotic blend & dietary fiber
- Antioxidant system including vitamins C & E
- Omega-3 fatty acids

Our formulas feature no artificial flavors, artificial colors, or artificial preservatives for reduced pet allergens.

Additionally, our formulas do not include any corn / corn gluten or wheat / wheat gluten.
